Marketing

Alex came back with a suggestion for us for marketing and that he believes we need a big project like the locker/shower rooms to have people want to donate. Right now the foundation is vague and hard for people to conceptualize. We will talk about this at a later meeting and then having Alex back to discuss.

Dawn Report

The dance floor needs to be redone. It was never finished properly in the first place.
The grant that would be for the drainage is due at the end of June.
They have hired 3 part time people. Jonathan Smith software engineer, Lois Ott, and Beth David.

Art at the Center

This show was high attended. Everyone seemed to enjoy it with all the demos.
Total expenses were \$740.72 and net income was \$1042.70.

Summer Fundraiser

Continuing to work on the fundraiser for August 9, 2015.

Other Business
